

What is your intelligence Quotient™ or “GUN IQ”?

Test your understanding of State and Federal gun law applicable in Indiana by answering these true or false questions:

1. I can carry a firearm I lawfully possess in the workplace under a new law?
2. Handguns have to be licensed under Indiana Law?
3. Ammunition for handguns and long guns have the same minimum age requirements for purchase?
4. There is a lawful way to check firearms in luggage and transport them while flying on commercial flights?
5. Handguns and long guns cannot use magazines that contain more than 10 rounds?
6. A License to carry a handgun is not required to lawfully carry on a person's home, property, or fixed place of business?
7. Firearms may be purchased or sold only through a FFL holder?
8. The open carry of a handgun is allowed throughout Indiana without a License to carry?
9. Reciprocity is a legal concept whereby one state accepts the other state's License for carry in that state?
10. Body armor may not be possessed or worn while carrying a firearm?
11. A lifetime License to carry a handgun cannot be suspended or revoked once issued?
12. A gunsmith is required to have a FFL?
13. Indiana law prohibits a resident from owning a short-barreled rifle even if properly registered under Federal law?
14. A slap and baton are illegal to possess under Indiana law?
15. Firearms lawfully possessed may not be confiscated during a disaster?
16. Unless convicted of a crime, a protective order may not prohibit possession of a firearm?
17. The right to possess a firearm is a collective right, not an individual right?
18. A license to hunt also includes the License to carry a handgun for such hunting?
19. A License to carry is not applicable to long guns?
20. Machine guns are illegal and may not be possessed under any circumstance in Indiana?
21. Deadly force should not be used in the absence of other choice to preserve life?
22. An unlimited License to carry a handgun allows carry in any place in the State?
23. .50 caliber rifles are illegal in Indiana?
24. Schools and airports both are regulated by criminal law under State and Federal statutes?
25. Military-type weapons and ammunition are illegal to own under state and federal law?

Indiana Firearms Law Reference Manual, 3rd Edition is designed and written to provide educational information. It is sold with the express understanding that Bryan Lee Ciyou and/or Ciyou & Dixon, P.C. is/are not engaged, in any form whatsoever, in rendering legal opinions or advice or other professional service(s) to the reader about the material contained herein.

About the Manual:

This Book is written by an Indiana attorney with a life-long interest in firearms, coupled with years of legal experience and practice in addressing the wide variety of issues that come from this legal field. There is simply no other Manual of its kind.

Specifically, the Manual is a portal to access the vast body of law and legal concepts relating to firearms in an easy-to-understand and use format. In addition, the Manual provides prudent analyses to identify and make connections between the complex legal concepts and policies underlying the law.

Yet the Manual is apolitical in nature: A reference text designed and written to be utilized by everyone exposed to firearms' issues in work or recreation to comply with the law or advocate for its change.

And without hiring a knowledgeable professional in the field, and having him/her spend countless hours researching a topic, it is the only tool available to meaningfully understand the controlling laws. Still doubt you need the Manual?

How did you do on the test? Did you miss a few? Is the friend-of-a-friend advice you used to answer the GUN IQ test accurate, urban myth, or somewhere in between? Would you bet your financial status on what you think you know? Stake your freedom on it? If the answer is “no”, this is the single best investment you can make—arming yourself with knowledge—the best defense.
